1. A symbol followed by a place name indicates that the place is coextensive with a MCD. An "A" indicates that the place is also a MCD. In both cases, the MCD name is shown only when it differs from the place name.

2. A VTD is a voting district that is not a census tract. Its existence indicates that the VTD is a pseudo voting district or no information is available as to its status.

3. A "•" for a block number indicates that the block number is repeated elsewhere in the block.
